Partial SEZF Minutes

July 29, 2018 Ft Lauderdale Florida

Outreach/FD

Biff – how do we help mobile do we reach out to them or to ANWF first

Kristi – need to have website and helpline open

Jeremy - ? is mobile still functioning?

Kelly – Regional outreach helps groups not really set up for areas. Kelly might go to local area to reach out. He will get more information. He thinks it is important to the zone to be involved with FD or at least come to an understanding

Lucas – they have a website.

Matt – what can we do as a zone when we don't know what the issues are. We need communication first.

Jeff – if its at the zone then the region already needs help.

Kelly – the region did not help so he brought the discussion to region

Biff – maybe the zone should not jump in and help an area that didn't ask for help. We need more understanding. It's too early to jump in. Doesn't make since yet

Mike – Kelly will get more information

Kelly – his question is? What is the role of the zone as it pertains to FD. This is not about Mobile and about FD.

Kristi – Do we need to act now?

Southern Zonal Merger? Shared services?

Southern Zone has 10 regions total

Randy – why are we discussing with no formal request

Kevin- Southern zone is advanced in service, we are advanced in technology. They have good FD. It is worth us looking at shared services. We should explore the idea.

Jeff – We need information. The zones won't merge, regions might zone a different zone. Zones shouldn't make any decisions this needs to go back to regions. We wouldn't have brought this topic up if they didn't ask. Lets ask regions and then talk about it if there is interest.

Danny – they are concerned that they don't do enough should we move towards a single yearly event.

Biff – is there any benefit to our zone. Its even too soon to go back to the regions.

APPROVED MARCH 23, 2019

Matt – even if we don't merge we might be able to have some shared services.

Kelly – we are close to the southern zone we could do it

Mike – should the incoming facilitator contact the southern zone. We decided to task him to do that.

Randy – should we invite Virginia zone

Danny – they are dysfunctional, but we can ask them to come learn

TOPICS for NC Zonal Meetings

Randy Should we have a metro discussion?

Change it to shared services.

MAT DRT

HI taskforce

FD

Metro

CAT

Technology

Everyone voted quickly

Biff – we can merge a couple
